

Irish Clients List

Safety Ireland is the sole authorised distributor for Defibtech LLC products in Ireland. Only units sold by us are covered under warranty. Here in Ireland we have several thousand Defibtech Defibrillators deployed with Doctors, Dentists, industry, business, education, and also with community response systems nationwide. The Defibtech unit is the only defibrillator deployed in Ireland used both by the Ambulance Service, Government and State departments.

Safety Ireland Accreditation:

- Irish Heart Foundation - Approved Training Site.
- Further Education and Training Awards Council - FETAC - Quality Assured Registered Provider.
- Institution of Occupational Safety and Health - IOSH - Licensed Provider.
- Approved Assessment Centre Occupational First Aid Health & Safety Authority Regulations & Standards
